

The Mulberry Primary School's

AUTISM CONFERENCE

Behavioural Challenges: Who's In Charge?

Saturday 2nd July 2011
North London

Speaker: John Clements

International clinical psychologist with 40 years experience in the field of developmental disabilities with a special interest in autism - particularly children and young people with significant behavioural challenges.

Sponsored by

The Mulberry Primary School

Autism Conference

Saturday 2nd July 2011 - North London

Time: 09.00 to 17.00

John Clements:

"Working with John changed the practice of the staff in so many ways....The wellbeing of children became a central theme...At the heart of this the ability to understand what would make a perfect day for a child with ASD and build on this.

One of the greatest challenges is to prevent children from becoming bored. John made us think about what worked, not just what we wanted to do.

I worked in collaboration with John for over 30 years he was the most inspirational teacher. I learnt so much and believe this contributed to the success of the school and the increased confidence of parents in believing that we really cared and knew their child as well as they did. "

Stephanie Lord

- Professional in the field of autism and complex needs for over 30 years in a number of roles
- Headteacher of several residential schools
- Principal of Children's Services
- Director of Education

The Mulberry Primary School:

"...There is outstanding provision for autistic pupils...those within the provision for autism achieve exceptionally well due to the particularly well targeted support they receive...This really is a place where every child matters and staff at all levels go the extra mile to make a difference. Pastoral care is outstanding."

Ofsted Report 2011

Overview:

The conference will summarise the range of factors that influence negative behaviours. Including those that relate to control dynamics. Who's in charge?

Outcomes:

An understanding of what works in supporting behaviour for children and young people with autism.

A deepening understanding of anxiety and well-being and how to support children and young people with autism.

New knowledge based upon what works - giving confidence to strive towards a more individualised and inspiring curriculum.

The Mulberry Primary School

Autism Conference

Saturday 2nd July 2011 - North London

Time: 09.00 to 17.00

Who Should Attend?

- Parents
- Teachers
- Teaching Assistants
- Speech and Language Therapists
- Educational Psychologists
- Occupational Therapists
- Clinical Psychologists
- Special Educational Needs Coordinators
- Headteachers and Deputy Headteachers
- Other professionals working with children & young people with ASD
- Those providing services for children and young people with ASD and their families

Do you....

...have children who do well in your setting but still have one or two children whose behaviour gets in the way of learning throughout the day?

...wonder whether your curriculum really meets the needs of your children?

...think about well being as a key factor in determining your child's and therefore your family's quality of life?

...want to use your child's interests to inspire them to engage and learn?

...want to help your child be less anxious?

...want to help your child become more flexible?

...have a child who copes in one place but not another e.g. home / school?

Conference Held At:

Professional Development Centre Haringey

Downhills Park Road

Tottenham

London N17 6AR

Parking available
